

Accepting Difference

KIDZ AWARE
EQUALITY INSPIRING EMBRACING
Creating Opportunities, Achieving Aspirations

Kidz Aware is a charity and none for profit social enterprise set up to help educate young children and support families of bullied and disabled children.

We do this by providing several educational programmes, our new programme is called **Accepting Difference**.

The programme is a 60 minute interactive presentation, which is age appropriate for young people 9-16 of age.

The programme is facilitated by disabled people who have worked with families of disabled children for many years.

The presentation helps young people address issues such as disability awareness, bullying and racism in a non threatening environment, this is done through interactive activities a quiz on issues such as disability awareness bullying and racism, also scenarios around these issues and is followed by open discussions.

In addition to this:

You will receive a complimentary School information manual and **Certificate** of attendance.

All this is backed up with and offer of advice and training courses that schools can access for their staff members if required.

Kidz Aware as been delivering educational programmes into educational settings for over three years and over 6,000 children across Yorkshire and Humberside have participated and we have had excellent feed back from schools.

If you would like further information or would like to book a presentation please either fill in the booking form or contact Kidz Aware by:
