Who are we?

Kidz Aware is a charity and not for profit social enterprise set up to help educate young children and support families of bullied and disabled children.

We support over 250 families of disabled children in West Yorkshire and surrounding areas. We provide two puppet programmes the first is called **Count Me In!** which is a Disability, Equality, Awareness puppet programme.

Our second programme is called **Lets Prevent Bullying!** which we take into educational settings, and we now have a new programme called **Accepting Difference!** which we take into high schools etc.

Services we provide

We support parents/carers of special needs children and their families locally and nationally.

We provide training courses around disability issues and many other topics to parents/carers and service providers.

We have an information point, which provides information on services available and has up to date resources on all disability issues.

We hold several annual events, such as Easter parties, carer's networks, meetings, carer's day, annual fun days and a Christmas party.
